

BALI INTERNATIONAL

Shipping the World

C-TPAT is a joint government business initiative to build cooperative relationships that strengthen overall supply chain and border security.

C-TPAT recognizes that Customs can provide the highest level of security only through close cooperation with the ultimate owners of the supply chain – importers, carriers, brokers, warehouse operators and manufacturers.

Through this initiative, Customs is asking businesses to ensure the integrity of the security practices and communicate their security guidelines to their business partners within the supply chain.

Since BALI INTERNATIONAL INC., does not staff any offices in the United States, eligibility will not be for another couple of years. However, to support your ability to ensure the integrity of your shipments we have documented our security processes and procedures in the manner which is consistent with the C-TPAT guidelines. In addition, we have been approved by the Canada Border Service Agency in the Partners In Protection (PIP) program which is the Canadian equivalent of the C-TPAT program in the United States.
